

# Aron+ Day hospital bed

**13360** Thanks to its narrowed patient platform, the day hospital bed is ideal for use in day hospitals and provides optimal qualities in the fields of aesthetics, functionality and maintenance.

## Carriage

- Frame with 2 aluminium side beams and 2 steel cross beams.
- High/low adjustment by means of 2 telescopic lifting columns.
- Trendelenburg and Reverse-Trendelenburg adjustment up to  $\pm 16^\circ$ .
- Integral S castors  $\varnothing$  150 mm on precision ball bearings, with central brake mechanism.
- Design pedal to activate the central brake mechanism or directional lock.
- The brake pedal is accessible in all bed positions.
- Finished with a synthetic cover cap.
- Open carriage to improve the accessibility under the bed and the ease of cleaning.

## Mattress platform

- Mattress platform with 3 or 4 (\*) sections.
- The backrest is electrically adjustable up to  $\pm 70^\circ$  with autoregression.
- The backrest is equipped with an inclination indicator.
- The knee rest is electrically adjustable up to  $\pm 34^\circ$  (in case of 4 sections).
- The footrest is manually adjustable for the Fowler position (in case of 4 sections).
- The legrest is manually adjustable up to  $14^\circ$  (in case of 3 sections).
- Electric manipulations of the mattress platform sections are equipped with a clamp safety.
- Removable solid laminate mattress platform sections of 6 mm.
- Standard equipped with reinforced cutouts for patients restraint straps.
- The backrest and footrest are equipped with integrated mattress holders.
- Telescopic bed extension possible up to 20 cm.
- 4 bed corners with integrated bumper castors.
- 4 bed corners with cases to install an IV rod or lifting pole.
- The stretcher is standard provided with Vela bed panels, push handles (\*) are optional.
- Aluminium side beams with integrated rail and 4 accessory hooks on each side.
- Built-in cable tray.

## Electric bed manipulations

- The electric functions can be activated by means of a hand set, a *mini nurse box* (\*) or a *nurse box* (\*).
- These functions are possible via a key combination on the hand set:
  - Trendelenburg
  - Total lock / unlock (after 3 sec.)
  - CPR
  - personally adjustable transport height
- The hand switch is equipped with a pre-programmed sleeping function and button for underbedlight (\*).
- A *mini nurse box* (\*) or *nurse box* (\*) makes it possible to switch off several functions selectively.
- The optional hand set with selective locking system (\*) can switch off several functions selectively by means of a magnetic key.

### Panel types

- Vela
- Jaro (\*)
- Folding push handles (\*)

### Sideguards

- Atmosphère (\*)
- Trix (\* only with Jaro panel, width : +1 cm)

### Accessories

We would like to refer to our accessory list.

(\*) Option

## Dimensions and technical data

- Width: 93 cm, Length: 212 cm
- Height variation of the mattress platform (castors  $\varnothing$  150 mm) :  $\pm 40,5$  cm -  $\pm 80,5$  cm
- Safe working load: 250 kg
- Weight (without options): 140 kg
- Mattress platform dimensions: 200 x 79 cm
- Mattress: 195 x 78 cm, thickness: 12 to 16 cm

## Materials and finishing

- Metal: epoxy-coating RAL 9006 *white aluminium*, aluminum, chrome (\*).
- Synthetic.
- Solid laminate.
- Self-lubricating synthetic hinges (= maintenance-free).
- Withstands the common cleaning products.

For more information about the **materials** and **construction**: please consult our material lists.
